

PRODUCT INFORMATION

Product: 1) Honey Coffee (RD1004067/03) 2) Honey Habatussauda Coffee (RD13042697/02)

It is antirheumatic and also used in the treatment of headaches.

15) Pancreatic Cancer

Findings from test-tube research indicate that nigella sativa may help hinder the development of pancreatic cancer. In a series of lab tests, scientists discovered that thymoquinone (the chief constituent of nigella sativa oil) significantly reduced levels of pro-inflammatory compounds found in pancreatic tumors.
